ANESTHESIOLOGIST

- An adept healthcare professional with post-graduate specialty training in Anesthesia.
- Proficient in procedure skills and updated with relevant recent advances in Anesthesia practice.
- Requisite enthusiasm and excellent communication skills shown with team members.
- Stable temperament shown in handling high-pressure (life-death) situations.

EDUCATION

D.A. (Diploma in Anesthesia) : M.G.M. Medical College, Indore 2004-2006

- M.G.M. Medical College is a premier government training institute in Central India. It is attached to the M.Y. Group of Hospitals, a 1500 bedded healthcare facility catering to a vast population base in the state of Madhya Pradesh.

M.B.B.S. : M.G.M. Medical College, Indore 1996-2002

- Completed graduation with merit in **Pharmacology and General Medicine.**

EXPERIENCE

Registrar- Anesthesia: Fortis Hospital, Noida August 2006-April 2008

- **Honed up clinical skills** by examining and offering relevant advice to patients, both pre-operatively as well as post-operatively.
- **Displayed proficiency** in performing the entire spectrum of General Anesthesia procedures. These included:-
 1. Routine general surgical procedures under Spinal and General Anesthesia.
 2. Central Venous Catheterisations.
 3. Regional and field blocks in Orthopedics and Trauma Care.
 4. Radiological procedures-both investigative as well as therapeutic.

- **Gained valuable experience** in handling super-specialty surgical cases. These included:-
 1. Neurosurgical procedures.
 2. Urological procedures including **Renal transplant cases**.
 3. Minimal Invasive procedures.
- **Acquired valuable exposure** to a wide range of pain-relieving procedures while working at the **Pain Clinic**, including **Labor analgesia** and the art of **Acupuncture**.
- **Organized** education seminars and interactive sessions for the nursing and paramedical staff.
- **Organized** regular **journal clubs** and **weekly clinical meets** involving clinical presentations and case discussions.
- **Maintained data logs** for all Anesthesia procedures and gave presentations at clinical meets.

Resident- Anesthesia: MGM Medical College, Indore

2004-2006

- Gained **valuable academic as well as clinical skills** while independently managing patients, both pre-operatively as well as intra-operatively.
- Developed proficiency in **handling critical responsibilities and meeting deadlines** while managing the OT, where I was involved in assisting as well as independently performing the entire spectrum of general as well as specialty Anesthesia procedures.
- Gained valuable insight into **handling crisis situations** while independently managing life-threatening emergencies in the Intensive Care Units.
- Augmented my **domain knowledge** by attending various work-shops and presenting seminars on:-
 1. Pain Pathways.
 2. Anesthesia in Laparoscopic procedures.
- Gained **personnel management skills** while organizing interactive sessions in the form of seminars and workshops for junior doctors, nursing and paramedical staff.

House Officer- CHL Apollo Hospital, Indore

2002-2003

- Judiciously applied clinical skills to the management of indoor patients.
- Gained valuable exposure in handling **emergency** medical situations.

Intern Medical Officer

2001- 2002

- Provided **primary medical services** under supervision at PHC, Simrol and Manpur.
- **Supported community service** by participating in **School Health Service**, a government project involving the provision of primary healthcare and referral services to school-going children.
